

ASUSPRO ADVANCED BU201 ULTRABOOK

ULTRA-LIGHT. ULTRA-PERFORMANCE. ULTRA-DURABLE FOR BUSINESS.

The ASUSPRO BU201 Ultrabook personifies our promise to inspire and power your business. Starting at only 1.27kg, it's ultraportable but doesn't compromise on performance or durability. The 180° hinge opens flat to provide a 360° view. Tested to exceed the demanding MIL-STD 810G military standard, it offers extreme reliability and durability. The mobility, business-class security and manageability make it ideal for business people on the go.

Military-standard reliability: Work without Worries

Through the use of UD carbon fiber materials, the ASUSPRO BU201 Ultrabook easily withstands the rigors of business travel. The LCD cover gives 20% higher panel pressure resistance compared to standard notebooks, offering better damage protection while remaining light. US military-standard quality testing includes enhanced drop testing at more than double the height and extra-strict hinge testing. The BU201 Ultrabook ships with an anti-shock hard drive that includes a G-sensor and hardware structure that protect the hard drive should it drop or impact with another surface. The spill-resistant keyboard repels higher volumes of liquid compared to industry standards.

Professional design: Complete Comfort and Productivity

The ASUSPRO BU201 Ultrabook has a stylish dark matte finish and one-piece construction that creates a subtle and completely consistent professional look. ASUSPRO engineers have fine-tuned the BU201's full-size, backlit true-comfort keyboard so it provides a more accurate click ratio and deep travel distance. The SensePoint™ pointstick simulates the functions of a regular mouse. It's pressure sensitive and can control the cursor to

select and drag files. The touchpad has also been optimized, maintaining high precision while offering a bigger touch surface. The 180° hinge enables the notebook to be opened flat so the screen can be viewed from all angles. And the anti-glare display has a matte screen surface that prevents unwanted reflections and helps reduce eye fatigue. The ASUSPRO BU201 Ultrabook has a compatible accessory, an Ultra Docking Station that enables expansive connectivity.

Intelligent manageability: Smart and Secure Solutions

The ASUSPRO BU201 Ultrabook features the ASUSPRO Business Center, a simple, one-stop security and manageability solution specially designed for small businesses without a managed IT environment. The Intel® vPro processor allows IT staff to remotely control PCs. They're able to better discover, repair and protect their networked computing assets. The ASUSPRO BU201 Ultrabook incorporates fingerprint scanning that takes data access authorization and protection to a higher level. It uses sensors that are less affected by skin surface conditions such as dry, worn, calloused, dirty or oily skin. An Absolute Persistence module is embedded into the BIOS of all ASUSPRO notebooks, this enables Absolute Computrace security and remote management solutions.

ASUS recommends Windows.

SPECIFICATIONS

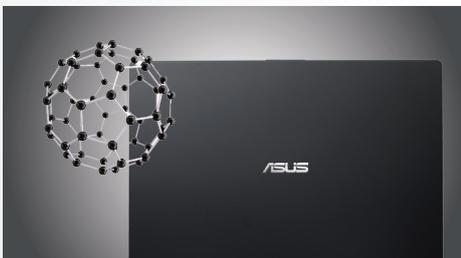

Model	ASUSPRO ADVANCED BU201
Processor	Intel Core™ i7 processor; Intel Core i5 processor
Operating System	Windows 8.1 Pro, 64 bit Windows 8.1, 64 bit Windows 7 Professional (as a downgrade from Windows 8.1 Pro)
Memory	DDR3L SDRAM, 1600 MHz, one dimm slot, supporting up to 12 GB
Display	12.5" FHD IPS (1920 x 1080), Anti-glare
Graphic	Intel® Iris™ HD Graphics 5000 Intel® HD Graphics 4400
Storage	HDD: 500GB (7200 rpm) HDD: 500GB / 1TB (5400 rpm) HDD: 500G 5400rpm SSH with 8G SSD SSD: 128GB / 256GB SSD SATA3
Optical Drive	N/A
Card Reader	4 -in-1 card reader (SD / SDHC / SDXC / MMC)
Camera	HD Web Camera
Networking	WLAN: Intel Dual Band Wireless-AC 7260 802.11ac (2x2) WiFi and Bluetooth® 4.0 Combo WLAN: Intel Dual Band Wireless-N 7260AN 802.11a/b/g/n (2x2) WiFi and Bluetooth® 4.0 Combo WLAN: Liteon WCBN612AH 802.11a/b/g/n (2x2) and Bluetooth® 4.0 Combo WWAN: HUAWEI / ME936
Interface	1 x combo audio jack, 1 x VGA port / Mini D-sub 15-pin for external monitor, 3 x USB 3.0 port(s), 1 x RJ45 LAN Jack, 1 x Docking Connector, 1 x mini Display Port, 1 x Smart Card slot, 1 x Fingerprint reader, 1 x 4-in-1 card reader slot, 1 x SIM card slot
Audio	Built-in stereo speakers
Battery	2-Cell Internal (32 Wh)
Power Adapter	65W AC adapter (with ID pin to detect correct connect)
Dimensions	310 X 215 X 12.9~20.6 mm (WxDxH) 12.02" x 8.46" x 0.81" (WxDxH)
Weight	Starting from 2.8 lbs / 1.27 kg
Security	Kensington lock slot, Computrace , BIOS Booting User Password Protection, HDD User Password Protection and Security, TPM (Trusted Platform Module), Finger Print Reader, Intel® Small Business Advantage
Certificates	UL, TUV, MIC, CE Marking Compliance, FCC Compliance, BSMI, Australia C-TICK / NZ A-Tick Compliance, CCC, GOST-R, CB, EPEAT, Energy star, IDA, CECP, WEEE, Erp 2013, FIPS 201, TCO4.0, RoHS
Manufacturer Warranty	3-year limited international hardware warranty, extended warranty packages available ASUS software supporting
Expansion solutions	ASUSPRO Ultra Docking Station
