Acer breaks down perhaps the biggest barrier to your business mobility with the all-new TravelMate TimelineX series, powered by the latest low power consumption Intel® Core™ processors, that offers over eight hours battery life. If your business takes you away from the office, your efficiency depends on one thing more than anything else: battery life. The TravelMate TimelineX series was designed from scratch to maximize battery life and the results are stunning: over eight hours on a single charge or, if you prefer, London to New York non-stop.
