<b>Warranty</b>	One-year International Travelers Warranty (ITW)			

1. Specifications vary depending on model.  
2. 64-bit software is required to enjoy the advantages of 64-bit processing.  
3. Shared system memory may be allocated to support graphics, depending on system memory size and other factors.  
4. Actual system memory available to the operating system will be reduced by any memory used by the graphics solution and resources required by the operating environment.  
5. Memory speed may vary, depending on the CPU, chipset or memory fitted.  
6. A 64-bit operating system is required to enjoy the ultimate performance of 4 GB or higher memory.  
7. 1 GB is 1 billion bytes. Actual formatted capacity is less and may vary depending on preloaded materials and operating environment. Acer Recovery Management uses a portion of the stated hard disk capacity as dedicated backup space.  
8. Two VQE-enabled Acer notebooks with dual-core processors are required to enjoy the exclusive benefits and added performance of VQE.  
9. Actual throughput may vary depending on network conditions and environmental factors such as network traffic or overhead, building construction, and access point settings.  
10. Subject to availability.  
11. Weight may vary depending on product configuration, vendor components, manufacturing variability, and selected options. The listed battery life is based on MobileMark 2007<sup>®</sup> productivity mode testing with wireless on. Details of MobileMark 2007<sup>®</sup> testing are available at www.bapco.com. Battery life rating is for comparison purposes only. Actual battery life varies by model, configuration, applications, power management settings, operating conditions, and utilized features. A battery's maximum capacity decreases with time and use.  
12. Bundled software may vary depending on hardware configuration, OS and regional availability.  
13. Trial periods vary depending on the geographic region and specifications: 365-day trial for China, Taiwan, Hong Kong and Singapore (Simplified Chinese and Traditional Chinese OS models); 60-day trial for other regions.

As a phenomenon known to thin-film transistors (TFTs), liquid crystal displays (LCDs) commonly exhibit a small number of discoloration dots, as so-called "non-conforming pixels." This phenomenon is a limitation of TFT LCD technology, not a product defect, and as such is not covered by Acer's warranty. In a continuing effort to improve the quality of our products, information in this document is subject to change without notice. Images shown are only representations of some of the configurations available for this model. Availability may vary depending on region.
