HL-L2402D

PRINT

Your Efficient Mono Laser Printer

Work smarter at home or in the office with the easily connected Brother HL-L2402D. Hosting a range of efficiency-boosting features, this mono laser printer saves you time with fast flawless printing, automatic 2-sided print, and a generous   paper tray capacity.

You will also benefit from a 3 year warranty upon product registration.

HL-L2402D

Key features:

- Print up to 30 pages per minute
- 2-Sided print, up to 15 sides per minute
- USB connection
- 64MB Internal memory
- 250 Sheet paper input tray[11]
- Comes with 700 page yield toner
- 3,000 maximum yield available[7]

Work smarter

The HL-L2402D is designed to increase efficiency, with fast print speeds helping you to work smarter. The 2-sided print feature saves you time, enabling you to get on with other tasks.

Effortless

Make your day easier and your printing effortless, with simple set up and USB connection. This efficient HL-L2402D is a breeze to operate from your computer.

The perfect partner

High quality print technology ensures that your output is flawless and professional every time. The expertly designed HL-L2402D has a high capacity paper input and output tray allowing you to print for longer, while the compact and quiet form enables you to work without interruption in smaller workspaces.
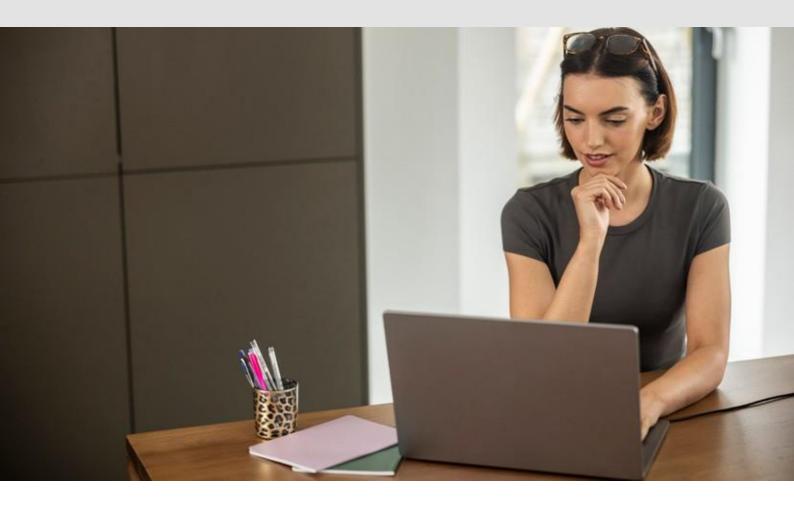

Print longer

The HL-L2402D keeps your printing costs down using a separate drum and toner unit, and the 700 pages[7] inbox toner supporting your higher print volume needs. Toner is easy to change and high yield toner is available, printing up to 3,000 pages[7], reducing your cost per page and frequency to replace.

Secure by design

To keep pace with the ever-evolving legislation on privacy and data security, our devices offer the latest industry-standard security features to securely protect your data. Our security experts continuously research new enhancements to products, solutions and services to proactively ensure all our products are 'secure by design'.

The HL-L2402D provides a range of robust features. It uses triple-layer security at a device, network and document level. This offers added peace of mind and guarantees that the integrity of your data is maintained at every step.
