

Affordable & compact photo All-in-One printer with camera direct printing. Quality prints, copies and scans.

Everyday Range

The PIXMA MP270 is an everyday solution to producing quality prints, copies and scans at home. High resolution, microscopic ink dots ensure you produce quality borderless photos at home. ChromaLife100+ delivers longer lasting prints. Print in approximately 45 sec for a 6" x 4" photo. Scan at up to 1200 X 2400 dpi. The PIXMA MP270 is the perfect All-in-One for students and the whole family.

## Key Features

### As a Printer

- High quality photos and documents with 2 picolitre FINE print head technology and 4800 x 1200 dpi<sup>1</sup>
- Fast document printing at approximately 8.4ipm in black and 4.8ipm in colour<sup>3</sup>
- Photo lab quality prints delivered in high speeds of approx 45 seconds<sup>3</sup>

### As a Copier

- Copy at approximately 7.6cpm for mono and 2.6cpm for colour<sup>3</sup>
- Faithfully reproduce copies as they are seen with the naked eye with Dual Colour Gamut Processing Technology
- Standalone copying without a computer for Mac or PC

### As a Scanner

- Scan high-quality photos and documents at up to 1200 X 2400 dpi
- Crisp edges, amazing colour and accurate black & white reproduction
- Auto scan mode allows you to save a particular scan setting for quick and easy scanning next time you need it

### Easy to use Software

- Easy-Photo Print EX produces optimised prints of both portraits and sceneries with Auto Photo Fix II technology
- Easy-Web Print EX automatically scales and adjusts web pages to avoid cropped web pages when printing
- MP Navigator EX enables you to scan in documents, photos or access images on your PC.

4800<sup>Maximum</sup> dpi  
2<sup>Minimum</sup> pl

### Quality images

4800 x 1200 dpi resolution and 2 picolitre FINE print-head technology for high quality photos and documents<sup>1</sup>

### Long Lasting Prints

Produce long lasting photos over 300 years with a combination of Canon's genuine dye ink and genuine photo papers<sup>2</sup>

Economy photo paper perfect for everyday use.

### Disclaimers

- Ink droplets can be placed with a pitch of 1/4800 inch at minimum.
- Up to 300 Years' Life in a Photo Album when printed with ChromaLife100+ ink on selected Canon photo papers. Kept in a photo album, shut out light and air (gas), temperature 23 degrees and 50% humidity. Predicted value from the accelerated test. Result may vary based on individual environmental factors. For more information, please visit [canon.com.au/ChromaLife100+](http://canon.com.au/ChromaLife100+)
- Document print speeds are the averages of ESAT in Office Category Test for the default simplex mode, ISO/IEC 24734, excluding time to print the first set. Photo print speed is based on the default setting using ISO/JIS-SCID N2 on Photo Paper Plus Glossy II and does not take into account data processing time on host computer. Print speed may vary depending on system configuration, interface, software, document complexity, print mode, page coverage, type of paper used etc. Copy speeds are the average of FCOT and continuous copy speed, ISO/IEC 24735 Annex D. Copy speed may vary depending on document complexity, copy mode, page coverage, type of paper used etc. and does not take into account warming up time.
- PictBridge camera direct and mobile phone printing requires PictBridge compatible digital cameras and phones in order to function. Check with your manufacturer or users guide to determine PictBridge compatibility.
- A computer that complies with Hi-speed USB standard is required

\* Ink yield value in accordance with ISO/IEC 24711.

Plain paper values obtained by continuous printing.

6x4 photo paper values obtained by continuous printing.

The figures above are an average value, measured when printing continuously using the ink immediately after it is unsealed, until the ink is out. Ink yield may vary depending on photos/documents printed, applications software used, print mode and type of paper used. This should be used as a guide only and does not take into account ink that might be used for head cleaning or head refreshing to maintain printer performance. Please visit our website for further details.
