The mouse that reveals creativity

It's truly handy. The mouse is ergonomic and flat, it easily fits into both right and left hands. The surface is soft and pleasant to touch. And it's protected from stains.

Productive as Canyon always is! The mouse can work for nearly 6 months on a single AA battery. It's working range is over 10 meters and it's buttons can handle over 3 millions of clicks. Using a DPI switch button, you can work on different screens by switching between 800, 1200 and 1600 resolution values.

Every user can choose a model according to his personality. And change moods with no limits!
