CORAX

GAMING

BRAIDED CABLE WITH FERRITE FILTER

Corax Mouse is designed for dynamic and long games. The ferrite filter suppresses electrical noise and helps to reach maximum precision and uninterrupted signal.

7 PROGRAMMABLE BUTTONS

Using the mouse driver you can set up macros and customize mouse button commands for any gaming needs. Achieve maximum efficiency in the game by adapting your mouse specifically for your game character.

CUSTOMIZATION SOFTWARE

Totally unlimited opportunities for personal settings for the game of any genre. Full customization of the mouse allows you to create a player profile, assign macros, change button assignments, response rate, DPI. The victory is guaranteed in any game with any character!

ONBOARD MEMORY PROFILES

Using the built-in memory module, you can save your gamer profile and transfer all your custom settings to any computer.

ON-THE-FLY TUNING

If you use a large monitor or play on multiple screens, you definitely need to switch between levels of resolution. The new generation optical sensor Sunplus allows you to quickly switch between 1000/2400/3200/6400 DPI. The driver of the mouse also allows choosing any private value of DPI.

CANYON TWIN SURFACE COATING TECHNOLOGY

Another original feature created by Canyon team is Twin Surface – double rubberized coating, which provides durability, comfortable and secure grip and prevents from fingerprints on the surface.

AWESOME LIGHTING

Experience illumination - see and control your device in the dark. Stylish LED lighting on the sides and on the top panel.
