Bluetooth Laser Mouse CNR-MSBT01

The mouse CNR-MSBT01 offers advanced laser technology with a switchable resolution level of up to 1600 DPI which ensures responsiveness and precise movements. It features Bluetooth® technology for reliable wireless connectivity within a range of up to 8 meters. No need for a USB dongle anymore! The CNR-MSBT01 also has a report rate of 100 Hz per second, providing you with about 30% faster feedback with your computer compared to a regular wireless mouse. With its sleek white look and light design, the mouse is a cool, modern accessory. It comes standard with two Alkaline AAA batteries, and it supports all Microsoft Windows OS including Vista and 7.
