SEAMLESS CONNECTIVITY

Staying connected has never been easier. Bluetooth calling enables you to answer calls directly from your wrist no matter where you are. You can also set call reminders, reject calls, add up to 8 contacts, and access call history.

WATERPROOF DURABILITY

With an IP67 rating, the Chatter SW-58 is built to endure any environment. Whether you're caught in a downpour or sweaty after a workout, your smartwatch will keep functioning perfectly without a hitch.

A man in a grey tank top and dark shorts is sitting on a blue mat in a gym, stretching his leg. He is wearing a smartwatch on his left wrist. The background shows gym equipment like treadmills and a dark wall. On the left side of the image, there are several teal-colored geometric shapes (parallelograms and a hexagon) and a white line graphic.

COMPREHENSIVE SPORTS TRACKING

Elevate your fitness routine with 123 sport modes designed to track any activity. Whether you're running, cycling or doing a more complex workout, the Chatter SW-58 monitors your performance and helps you reach your fitness goals faster.

HOLISTIC HEALTH MONITORING

Stay on top of your well-being with comprehensive health tracking features. The Chatter SW-58 monitors your heart rate, blood oxygen levels, sleep patterns, steps, distance, and calories burned. Furthermore, the watch also monitors stress levels and alerts you when your body needs recovery. You can also set Drink Water & Sedentary reminders – name a better way to maintain a balanced and healthy lifestyle.

SMART ASSISTANCE

Manage your day effortlessly with the integrated AI voice assistant. From setting reminders and sending messages to checking the weather, your personal assistant is always ready to step in and help you stay organized and efficient.

Additionally, the Chatter SW-58 smartwatch seamlessly integrates with both Google Voice Assistant and SIRI.

IMPROVED USER EXPERIENCE

Choose from over 280 watch faces via the app to match your personal style. With remote control, feel free to manage your camera and music player directly from your watch. The battery life is equally impressive, lasting up to 8 days with typical usage mode and up to 4 days in heavy usage mode*

HANDY TOOL ON YOUR WRIST

Packed with practical features like an alarm, stopwatch, and timer, the CNS-SW58 is more than just a watch – it's your versatile timekeeping companion. And if you accidentally misplace your phone or watch, the Chatter SW-58 find phone and find watch features ensure you can locate your devices quickly and easily.

Another handy extra is the built-in flashlight in case you need a quick light in the dark. You can also stay prepared for the day ahead with up-to-date weather forecasts right on your wrist.

Stay connected, stay active, and stay informed with the Chatter SW-58. Make it yours today and step into the future of wearable technology.
