

EGO

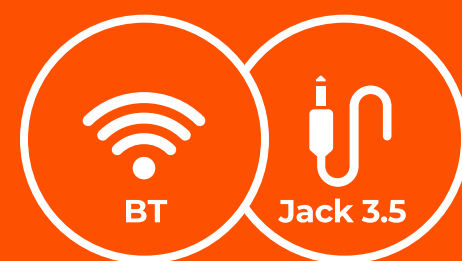

Wireless gaming headset GH-15

Step into the game with sound so immersive, it feels like you're inside the action. The Ego GH-15 Wireless Gaming Headset is for gamers who crave crystal-clear audio, seamless connectivity, and all-day comfort. Battle it out online, dive into a cinematic adventure, or vibe to your favorite tracks – this headset adds precision and depth to every sound.

Powered by BT 5.3, the Ego GH-15 delivers a stable, low-latency connection, so you never miss a sound cue or a critical team call. The 40mm drivers produce deep bass and crisp highs, ensuring an immersive soundscape keeping you ahead of the competition.

With up to 18 hours of battery life, the GH-15 is perfect for marathon gaming sessions. Whether you're connected wirelessly via BT for a more stable gaming experience, you get lag-free audio every time. And when it's time to recharge, the fast Type C charging can get you back in the game in just 2 hours.

Prefer wired audio? No problem! The gold-plated 3.5mm stereo jack delivers pure, high-quality sound – it's ideal for gaming consoles, mobile devices, or even studio-quality music sessions. Designed for comfort, the lightweight build and padded ear cups let you game for hours without a hint of discomfort. The Ego GH-15 lets you hear the game the way it was meant to be played.

18H OF PLAYTIME

With up to 18 hours of continuous playtime, this headset can keep up with your longest gaming sessions, work calls, or music marathons. Need a quick recharge? The fast-charging Type C port will get you back in action in no time.

LOW LATENCY GAMING <65MS

Experience near-instant sound transmission with <65ms low-latency audio. This ultra-responsive connection gives you a competitive edge by syncing game sounds with on-screen action in real-time, so you never miss a single shot, explosion, or enemy footstep.

RETRACTABLE MICROPHONE

The flexible and retractable microphone makes communicating with your team effortless. Designed to be crystal-clear and noise-free, it makes sure that your voice is heard loud and clear even in intense battles. When you're not using it, simply slide it back for a sleek look.

WHEEL CONTROL FOR VOLUME ADJUSTMENT

Adjusting your audio should be easy as pie. The smooth volume wheel allows for precise control without breaking your focus. Anytime you need to amplify the action or lower the sound for calls, everything is right there at your fingertips.

COMPATIBLE WITH MOBILE PHONES, TABLET PC, SMART TV & MORE

From PS5, PS4, and Nintendo Switch to PC, laptops, smartphones, tablets, and smart TVs, the GH-16 connects effortlessly to all your devices. Gaming, watching movies, or attending online meetings? This headset is ready for anything.

VERSATILE: GAMING, MUSIC & CALLING

The EGO GH-15 is designed for gaming, music streaming, and professional calls, making it an all-in-one solution for work and play. Enjoy deep bass for music, clear vocals for calls, and immersive audio for gaming without switching devices.

DNS CALLING

Powered by Dynamic Noise Suppression (DNS), the EGO GH-15 eliminates background noise during calls, keeping communication crystal-clear. When you need to take an important business call or strategize with teammates, your voice will be isolated for the best level of clarity even in noisy environments.
