

Dell S2330MX 23"  
& S2230MX 21.5"  
Ultra-slim  
Monitors with LED

**Our thinnest monitors ever.**

Ultra-slim, the Dell S2330MX and S2230MX monitors exude style and looks, offering high-definition thrills in a stunningly slim design.

Add a touch of sophistication to just about any space in your home and make a strong visual statement with the sleek-looking S series monitors. Their amazingly thin LED screens feature a handsome high-gloss bezel for a clean, contemporary look. Thanks to its ultra-thin design and compact base, these Dell monitors occupy very little space, and fits just about anywhere you want a slim screen in a small space.

**High-definition thrills in an ultra-slim display.**

Enjoy a truly incredible multimedia experience with the Dell S series monitors. You'll love the unmistakable clarity and brightness of the LED backlight and the seamless, smooth motion made possible by the fast 2ms gray-to-gray (typical) response time.

Whether you're playing games, watching sports or engrossed in the latest action thriller, you've probably never before seen it like this on your PC. Featuring a mega-dynamic contrast ratio of 8 million:1 (typical), you get amazing details in your photos, videos and games. With its ability to produce deep blacks and bright whites, the S series monitors are designed to deliver contrast that makes your images pop — you won't believe your eyes. Built to thrill, the Dell S2330MX and S2230MX monitors pack a true HD experience. We're talking full HD 1920 x 1080 (max) resolution, with an 82%<sup>1</sup> (typical) color gamut for amazing colors. With its 16:9 aspect ratio, you can be sure of an authentic cinema-like viewing experience.

**Energy efficient and environmentally conscious**

While they offer high definition performance, the ultra-thin monitors are also designed to be energy efficient for your home and environment. The Dell S series monitors are made of environmentally preferable materials such as arsenic-free and mercury-free LED panels, and meets the latest environmental certifications such as ENERGY STAR® and EPEAT qualifications.

Designed for comfort,  
convenience and ease-of-use
