

DELL 27 CURVED GAMING MONITOR | S2721HGF

27" Full HD curved gaming monitor in a bold design featuring a 144Hz refresh rate and 1ms Motion Picture Response Time (MPRT) that provides an incredibly smooth and immersive gaming experience.

Truly Immersive Gameplay: Explore new worlds on the expansive new Dell 27 Curved Gaming Monitor with remarkably vivid visuals that draw you deeper in the game. The 1500R curved screen enhances field of vision and reduces distortion, glare and reflection to create a truly immersive gaming experience.

Fighting Fast: A 144Hz refresh rate combined with a 1ms (MPRT) response time eliminates motion blur and allows fast-moving visuals to be seen with incredible clarity.

Fluid and Smooth: NVIDIA® G-SYNC® Compatible Certification and AMD FreeSync™ Premium technology minimizes graphic distortions like screen tearing and stuttering for smoother, fluid gameplay and extraordinary image quality.

The winning look: The new, distinct gaming-centric design favors a bolder look and gaming features that are both functional and aesthetic. A 3-sided narrow bezel creates expansive views, while unique vents located in the back provide enhanced heat dispersal.

More room for battle: The newly designed tapered stand is sturdy and sleek, with a small footprint that brings you

closer to the action.

Perfectly positioned: The height- and tilt-adjustability lets you game in comfort for extended periods.

Customize every advantage: The new joystick and shortcut buttons on the back of the monitor allow you to easily navigate and manage the OSD menus while three user-defined profiles give even more personalization options. The Timer, FPS Counter and Dark Stabilizer let you manage everything from frame rates to brightness to shadow control.

A Brand You Can Rely On

As the No.1 monitor company worldwide* we take pride in our unyielding commitment to quality and the utmost satisfaction of our customers.

Dell Premium Panel Exchange allows a free panel replacement during the Limited Hardware Warranty³ period even if only one bright pixel is found.

Next business day shipping with Dell's Advanced Exchange Service² lets you get right back to your game.
