

DELL 32 CURVED GAMING MONITOR | S3220DGF

Introducing the World's first 31.5" QHD curved HDR gaming monitor with AMD Radeon FreeSync™ 2 HDR and up to 165Hz refresh rates*.

Domination is in sight

See every advantage: QHD resolution lets you view up to 77% more of your entertainment compared to Full HD. The 31.5" Curved Monitor also supports HDR content including movies and games.

Conquer with clarity: Lifelike visuals and vivid colors come standard with the VESA DisplayHDR™ 400-certification. Your monitor's expanded contrast ratio of 3000:1 delivers deeper blacks and boasts >90% DCI-P3 color coverage with 1.07 billion colors.

More immersive: Extend your line of sight and go deeper into every adventure thanks to the curved, 1800R screen.

The only thing that will stutter is the enemy

Blazing fast visuals: 165Hz refresh rates^ leave lag-time in the dust and super-charge your display's performance, so you can stay ahead of the action.

Blindside the competition: Experience seamless visuals without skips or tears with AMD Radeon FreeSync™ 2 HDR technology. It shifts the tone mapping process from the display to the GPU itself for outstanding graphics performance.

Designed to win

Improve your odds: Features like Timer, Frame Rate Counter and Dark Stabilizer give you an in-game advantage by improving visibility during dark gaming scenarios, controlling the frame rate, and display alignment. Plus, you can choose from three user-defined profiles and four pre-set modes that fit a variety of games.

Inspired by you: The new gamer-inspired design complements your Dell Gaming desktop, so your entire setup looks as good as it performs.

Maximum reliability: Dell Premium Panel Exchange allows a free panel replacement during the Limited Hardware Warranty³ period even if only one bright pixel is found.

A brand you can rely on

As the No.1 monitor company worldwide* we take pride in our unyielding commitment to quality and the utmost satisfaction of our customers.

Minimize downtime with Dell's Advanced Exchange Service.²
