DELL ULTRASHARP 27 USB-C HUB MONITOR | U2722DE

Connected productivity. Vibrant color.

QHD
CAPTIVATING PRODUCTIVITY

Take your work to new heights with this stylish 27" QHD monitor with wide color coverage and multitasking features.

VIBRANT COLOR. EASY ON THE EYES.

Features ComfortView Plus, an always on built-in low blue light screen that reduces low blue light while maintaining color accuracy.

YOUR PRODUCTIVITY HUB

Experience stable wired connection to your network and peripherals with RJ45, USB-C® and a host of other ports.

TRUSTED RELIABILITY

World's number 1 monitor company.* Backed by renowned Dell reliability.

Connected productivity. Vibrant color.

CAPTIVATING COLOR. EASY ON THE EYES.

Designed with wellness in mind: Optimize eye comfort with ComfortView Plus — an always on built-in low blue light screen that reduces harmful blue light emissions while delivering excellent color performance. TÜV Rheinland certified.[1]

Consistent, vibrant colors: Enjoy true-to-life color with a color depth of 1.07 billion colors, wide color coverage including 100% sRGB, 100% Rec.709 and 95% DCI-P3. In-Plane Switching (IPS) technology delivers consistent color and picture quality across a wide 178°/178° viewing angle.

See details with striking clarity: With QHD (2560x1440) resolution on this 27" screen, you'll see 1.77 times more details than Full HD.

YOUR PRODUCTIVITY HUB

Connect to productivity: With connectivity options like RJ45 and USB-C, your monitor serves as a productivity hub that delivers stable Ethernet[2] and up to 90W[3] of power to your laptop — all in a clutter-free setup.

Easy to manage: MAC Address pass-through[4], PXE Boot, and Wake-on-LAN are conveniently built in.

Jumpstart productivity: Simply press the monitor power button and the power sync feature seamlessly starts your monitor and connected Dell PC, even when the laptop lid is closed. Compatible with select Dell PCs.[5]

Fast connections: Connect to a variety of devices with extensive connectivity ports, including super speed USB 10Gbps. Quick access ports enable easy connection to peripherals, such as storage devices and mobile phones, with up to 15W charging capability (via USB-C).

Multitask efficiently: Connect two PCs sources to the monitor. Our intelligent Auto KVM feature detects the latest connected PC and seamlessly switches controls over. View content from both PC sources with PBP (Picture-by-Picture) and PIP (Picture-in-Picture), and use the KVM (Keyboard, Video and Mouse) feature to control both PCs with a single keyboard and mouse.

PURPOSE BUILT

Eco-conscious in design: This monitor is made of 85% PCR (Post-consumer Recyclable Plastic), meets the latest environmental standards such as ENERGY STAR® and TCO, and is EPEAT Gold registered.[6]

Style meets function: Crafted with a premium platinum silver finish, this sleek monitor features a small base and an elegant cable management system that hides cords within the monitor riser. Navigate the menu and adjust screen settings with the easy-to-use joystick control. Snap on the optional Dell Slim Soundbar (SB521A) for exceptional sound.

Comfort is key: Tilt, swivel, pivot and adjust the height of your monitor to a maximum of 150mm for optimal viewing comfort.

Expand your efficiency: Experience a seamless view across multiple monitors with virtually borderless InfinityEdge. And, with a dual monitor setup, you can increase your productivity by up to 21%.[7]

Multi-monitor sync: The OSD (Onscreen Menu Display) settings from one monitor can be synchronized across connected monitors for easy multi-monitor setup.[8]

DELL DISPLAY MANAGER

Productive at every level: Dell Display Manager's (DDM)[9] Easy Arrange feature lets you quickly tile and view your applications side by side across one or more connected screens for multitasking efficiency.

More ways to manage: Asset management reports allow IT managers to quickly capture and track monitor information as well as configure multiple monitors at once through a single setup.

THANK YOU FOR MAKING DELL MONITORS #1 WORLDWIDE*

Peace of mind: Dell Premium Panel Exchange allows a free monitor replacement during the Limited Hardware Warranty[11] period even if only one bright pixel is found.

Minimize downtime: Your monitor comes with a 3-year Advanced Exchange Service[12] so that if a replacement becomes necessary, it will be shipped to you the next business day during your 3-year Limited Hardware Warranty.

Get a higher level of support: Upgrade to 24 X 7, in-region technical phone support from qualified engineers with Dell ProSupport option.[13]
