

Epson TM-m30III (112A0): Standard Model, Black

Designed to meet the needs of users such as specialist shops, small restaurants, coffee shops, food trucks and kiosks.

Based on a stylish and ultra-compact design, and with a host of advanced features, the TM-m30III is a perfect combination of mobility, connectivity, reliability and ease-of-use. Providing cost-effective and reliable receipt printing in any environment where space is an issue, it's designed to meet the needs of a wide range of growing businesses.

Space-efficient , robust and reliable

With an all-new, highly compact, super-sleek design, which reflects today's demand for a clean and modern aesthetic, the TM-m30III is also robust and reliable, with a range of connectivity options.

Easy connectivity and increased power delivery

Including a USB Type-C PD (Power Delivery) tablet port, now able to supply up to 18W of power to the connected device, the TM-m30III works with most smart devices, and also offers 20Mbps network tethering, which allows the wired network connection to the printer to be shared. A Wi-Fi and Bluetooth option is also available (See TM-m30III Wireless version).

Built for tough environments

Offering protection against the harmful ingress of liquids to IPX2 standards, the TM-m30III has also been designed with easy cleaning in mind, and is externally treated with an ISO22196-certified antibacterial material, making it ideal for challenging environments such as kitchens.

Easy, reliable code scanning

The TM-m30III includes superior de-curl functionality, able to produce flattened receipts with no reduction in print speed. This is particularly useful in applications where code-scanning is important, such as event ticketing, or for producing documents that require a signature.

Boosts speed and efficiency

Offering reliable paper roll near-end detection, which operates with the printer oriented for either front or top paper exit positions, the TM-m30III is ideal for semi-attended applications, such as kiosks or self-checkout, where prompt paper replacement avoids unnecessary downtime.

Easy set-up, excellent support

The printer is supplied with a "quick start" sheet that offers a simple and effective setup guide, while scannable QR-codes link to videos that cover all processes, from unpacking to power on, as well as basic configuration tasks. Expert Epson support is available for iOS, Android and Windows.

KEY FEATURES

- **Stylish, all-new design**
Ultra-compact, sleek, reliable and affordable
- **Improved mobile connectivity**
Includes a USB Type-C PD tablet connection with 18W capability
- **Designed for efficiency**
Features a paper near-end detector and superior decurling mechanism
- **Built for tough environments**
IPX2 protection against liquids, plus antibacterial surface treatment
- **Wider platform support**
Now supports Windows and Android, as well as iOS

PRODUCT SPECIFICATIONS

PRINT TYPE	
Print method	Thermal line printing
Print method receipt	Thermal line printing
PRINT	
Printing Speed	Max. 300 mm/sec at 203 x 203 DPI (printing width80 mm)
Printing Resolution	203 x 203 DPI
Barcodes	Coda bar (NW-7), Code 128, Code 39, Code 93, Composite Symbology, Data Matrix, EAN-13, EAN-8, GS1-128, GS1-DataBar, ITF, JAN13, JAN8, MaxiCode, PDF417, Dimensional code, UPC-A, UPC-E
FONTS & STYLES	
Print Speed receipt	300 mm/sec
PAPER	
Paper Types	Receipt, Roll
Paper Thickness	48 1⁄2mm - 80 1⁄2mm
INTERFACES	
Interfaces	USB 2.0-A, USB Type-C, Ethernet interface (100 Base-TX / 10 Base-T), Micro SD Card Slot, USB 2.0 Type B (Service Only), Wireless LAN IEEE 802.11a/b/g/n/ac (optional), Drawer kick-out, Wi-Fi Direct (optional), Near Field Communication (NFC)
GENERAL	
Product dimensions	127 x 127 x 130 mm (Width x Depth x Height)
Product weight	1.3 kg
Autocutter	Yes Included
Colour	Black
Noise Level	Operation (Roll):53 dB (A)
Power consumption	Printing: Appx.1 W, Standby: Appx.31 W
Power Supply	External
Reliability	MTBF: 360,000 Hours , MCBF: 65,000,000 passes
ROLL PAPER UNIT	
Print Speed receipt	300 mm/sec
Dot density receipt	203 DPI x 203 DPI
SUPPORTED MEDIA	
Formats	Roll 57mm, Roll 80mm
Width	Min58 mm, Max 80 mm
OTHER	
Warranty	24 months Carry in Optional warranty extension available
