FUJITSU

Data Sheet Fujitsu Display B22-8 TS Pro

Ergonomic Widescreen 54.6 cm (21.5 inch) Performance Display

The FUJITSU Display B22-8 TS Pro has a Full HD resolution with a 178°/178° wide viewing angle that delivers consistent picture quality. Features like ECO function, always available USB, DisplayView[™] software and a range of connectivity options make it ideal for small- and medium-sized businesses.

The Full HD resolution monitor with high pixel density is ideal for daily office applications and an 24/7 operation.

The 6-in-1 stand base with cable guide allows to tilt, swivel, adjust height, and rotate the monitor according to individual working styles.

The integrated USB hub, built-in speakers, DVI and DisplayPort interfaces provide a complete package that meets all your business requirements.

The DisplayView[™] manageability software enables you to easily and individually configure your monitor for adjustment of screen brightness, pivot function and much more.

The In-Plane Switching (IPS) technology with wide viewing angle delivers consistent clarity from any perspective.

The ECO Operation mode provides optimal brightness levels (180 $\rm cd/m^2)$ and supports cost savings.
