## HP Compaq dx2450 Desktop PC

The HP Compaq dx2450 Business Desktop PC is an affordable PC for the challenges of everyday business tasks. It is designed with AMD Cool'n'Quiet™ technology to help maximize energy efficiency, and with the quality, reliability, and functionality you expect, all in a modern look and feel.

### **Practical and stylish**

Designed with real metal surfaces, glossy finishes, and convenient front access to the latest technology in the PC industry today, the HP Compaq dx2450 PC is meant to be shown off, not hidden. This reliable AMD based desktop PC can enhance your business environment with its style while offering: flexible configurations backed by service and support professionals from HP and its network of third-party providers; efficiently designed chassis with engineered cooling and electrical sub-systems support greater reliability and longer lifecycles; ample expansion capabilities so you can customize the performance of your PC.

### **Affordable business class PC**

The HP Compaq dx2450 Business Desktop PC is a compact microtower design, which fits easily into your work space and helps accommodate future upgrade and expansion needs. It is available with single, dual, triple or quad core processors and 800MHz system memory, to help you complete daily tasks quickly and efficiently.

### **Easy-to-use technology**

A professional chassis design offers easy-to-access ports, slots and bays; available with pre-installed business applications so you can get started quickly and productivity can begin the first time you boot up your new PC; optical drives and front USB 2.0 access provide a wide-range of digital media capabilities, convenience and fast data transfers; front and back audio ports offer convenience and flexibility; standard graphics work for everyday needs, but if you need more, a PCI Express x16 expansion slot is

available for the latest industry-standard graphic cards; keep your business and users productive with local recovery tools such as HP Backup and Recovery Manager.
