HSM Cutline G series guillotine – practical aid in a new design

HSM Cutline G3210 / G3225 / G4620 / G4640

Closed
side stop

Folding
protective guard

Ergonomically
shaped handle

Cut your paper, foil or film effortlessly with the HSM guillotine range. The high-quality cutting blade made of quality steel, the efficient clamping device and the absolutely precise side limit on the HSM guillotine are impressive - and not just for professionals.

The benefits:

- Folding protective guard
- Sturdy blade bearing enables exact cutting
- Precise, closed side stop for completely straight cut edges
- Fixable rear stop for high stability (not for the G3210)
- The handle at the side makes it easy to carry
- Sturdy metal base with cm/inch, as well as angle and special format scale

HSM Cutline G series

Automatic contact pressure of the shredder material when cutting. Hardened, ground cutting blade (not for the G3210) with counter blade – for exact cutting and high cutting capacity.

Fixed rear limit stop for exact positioning of the shredder material.

Ergonomically shaped handle for optimum handling.

Practical collecting recess for small paper remnants.

HSM Cutline T series rotary trimmer – new look, optimised technology

HSM Cutline T3310 / T4610

*Self-sharpening
precision round blade*

*Sturdy metal
base plate*

All the cutting heads of the HSM rotary trimmer are equipped with revolving, ground, precision round blades, which are resharpener each time a cut is made. To ensure that paper, photographs and films do not slip, all HSM rotary trimmers have an automatic, built-in contact pressure system at the cutting edge.

The benefits:

- High-quality, self-sharpening steel cutting blade
- Sturdy blade bearing enables exact cutting
- Optimum handling due to smooth-running, ergonomically designed cutting head
- Precise, closed side limit for completely straight cut edges
- Easy-to-operate clamping device with finger guard
- Sturdy metal base with cm/inch, as well as angle and special format scale

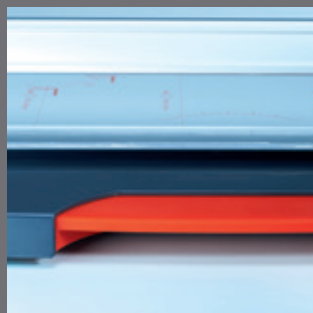

HSM Cutline T series

Optimum handling due to smooth-running, ergonomically designed cutting head Self-sharpening round blade. Automatic contact pressure of the shredder material when cutting.

Closed side limit enables precise positioning of the shredder material.

With carrying handle for mobile use.

Device for practical wall mounting.
