

Orbit® Wireless Trackball with Scroll Ring - Black

Part Number: K70992WW | UPC Code: 085896709923

The choice of
professionals
everywhere -
now wireless.

The Kensington trackball legacy continues with the Orbit® Wireless Trackball with Scroll Ring. This trackball features a patented scroll ring that allows you to scroll up and down pages with ease, customisable buttons, dual wireless connectivity (2.4 GHz, Bluetooth 3.0 and LE) with 128-bit AES government-grade encryption security, four DPI settings (400, 800, 1,200, or 1,600) to easily adjust the cursor speed to fit your needs, a detachable wrist rest, ambidextrous design and plug-and-play ease for Mac or PC.

Features include:

- Wireless 2.4 GHz and Bluetooth (3.0 and LE) connectivity
- 128-bit AES encryption
- Scroll ring with medium (40mm) ball
- Precise optical tracking with four DPI settings (400, 800, 1,200 and 1,600)
- Ambidextrous design
- Customisable (via free downloadable KensingtonWorks software)
- Detachable wrist rest
- Mac and PC compatible

The Professionals' Choice™

Orbit® Wireless Trackball with Scroll Ring - Black

Part Number: K70992WW | UPC Code: 085896709923

Dual Wireless with 128-bit AES Encryption Security

The flexibility of 2.4 GHz and Bluetooth (3.0 and LE), with government-grade encryption.

Scroll Ring and Medium Ball

Spin the dial to move up and down web pages or documents with complete ease. The 40mm ball's hard surface is specially designed as a perfect sphere for precise tracking and control.

Four DPI Settings

Easily adjust the cursor speed to fit your needs by selecting the appropriate DPI level (400, 800, 1,200, or 1,600) - lower DPI for precision editing, and higher DPI for word processing or casual browsing.

Ambidextrous Design

Works equally well for right-handed and left-handed users. Trackball reduces wrist and hand movement to ease repetitive-stress injuries.

KensingtonWorks™ Customisation

Free downloadable software provides a personalised experience, giving you the ability to assign a variety of functions (including shortcuts) to the buttons, and adjust cursor and scrolling speed.

Optical Tracking Technology

Delivers precise cursor movement for superior accuracy, so you can get where you want on the screen quickly with less hand movement, improving productivity and efficiency.

Detachable Wrist Rest

Soft cushioning supports the hand and wrist in ergonomic comfort for pain-free productivity during extended periods of activity on the computer.

Compatibility

Works with Mac and PC.

Orbit® Wireless Trackball with Scroll Ring - Black
