

BUSINESS DEVICES THAT ARE A CLASS APART

ThinkBook combines the style and user experience of consumer devices with the security and business-class support of ThinkPad.

ThinkBook Plus G3 IAP

Smarter
technology
for all

Lenovo

Designed to deliver unprecedented level of performance, the new Thinkbook pushes the boundaries of what you expect from a basic laptop. Paired with 12th Gen Intel Core i7 processors and Windows 11 Pro, this device lets you power through emails, build apps, render animations without breaking a sweat. Look and sound your best on video calls with the FHD 1080p camera, HD audio and Dolby Atmos speakers. The AI-based noise cancellation feature captures clear voice and reduces background disturbances.

REASONS TO BUY

Plug in the accessories you use or transfer data seamlessly with the built-in connectivity ports - USB 3.2 Gen 1, USB-C 3.2 and Thunderbolt 4. Plus, the Wi-Fi 6E capability ensures strong and ultra-fast internet connectivity for users who are always on the move.

Images and videos appear crisp and clear on the 17.3", 3K high-resolution screen. 21:10 aspect ratio means you can view documents and websites perfectly scaled and at an optimized 170° viewing angle.

Touch fingerprint reader on power button and IR camera for windows Hello help authenticate and verify the user.
