

ThinkPad P1 Gen 8

Designed for advanced business professionals, this mobile workstation combines breakthrough performance and modern design to power the most demanding workflows. With Intel® H Series Core Ultra 5 / 7 / 9 Processor (Series 2), it delivers AI-accelerated speed and seamless multitasking across enterprise applications. The sleek form with ultra-narrow bezels maximizes screen space for data visualization, coding, and design, while the sustainable aluminum chassis offers both durability and eco-conscious sophistication. Moreover, with support for up to 64GB (1x 64GB LPCAMM2) memory, professionals can effortlessly handle large-scale simulations, CAD projects, and advanced analytics, ensuring smooth productivity wherever business takes them.

Elevate Professional Endeavors with Powerhouse Workstations

Designed for business users who tackle compute-intensive workflows. With professional-grade graphics and powerful, multi-core processors, Lenovo sets the standard for mobile workstations and ensures best-in-class reliability even when you're away from the office.

A 16" Tandem OLED display with optional 3.2K resolution delivers exceptional clarity and lifelike visuals, ideal for professionals who rely on precise detail in design, data visualization, and content creation. With a 100,000:1 contrast ratio, it ensures deeper blacks and brighter highlights, enhancing accuracy in complex workflows.

The support for up to 4 independent displays, including the native display and 3 external monitors via Thunderbolt™ 5, Thunderbolt™ 4, and HDMI®, offers more screen real estate, allowing users to run complex workflows, monitor data in real time, host video conferences, and manage multiple applications without constantly switching windows.

The discrete NVIDIA® RTX PRO 1000 and 2000 Blackwell Generation GPUs are optimized for creative workflows, offering enhanced performance in image rendering, layer management, and real-time previews, which reduces lag when working with high-resolution files or complex compositions.

Lenovo Services

Lenovo delivers tailored sustainability services, devices, and infrastructure solutions from our broad portfolio, working closely with you to support your target outcomes across the IT lifecycle..

Accessories

Lenovo Go Wireless Split Keyboard

- Human-inspired true ergonomic split keyboard with tactile and responsive, scissor switch keys
- 13-degrees splay for straight typing, comfortable neck and shoulders
- 11-degrees vertical tenting for more natural typing posture

PN: 4Y41C33748~4Y41C33789

Lenovo Go Wireless Vertical Mouse

- 6-button mouse including 2 programmable side buttons and an IR sensor
- True Ergonomic vertical design with a 45-degree vertical grip made from treated cork material
- 800, 1600, 2400 adjustable DPI and 2.4 GHz wireless dongle connection

PN: 4Y51C33792
