

BUSINESS DEVICES THAT ARE A CLASS APART

ThinkPad X Series ultraportables combine enterprise security, manageability, docking and productivity features into a thin and lightweight design.

ThinkPad X395

Smarter
technology
for all

Lenovo

This 13.3" ultraportable has been designed keeping mobile users in mind. At just 1.28kg (2.83lbs) it is exceptionally lightweight, and comes with an all-day battery that can last up to 14.5 hours and supports fast charging. The FHD IPS display option fitted with an ultra-narrow frame offers great visual clarity and ample screen space. Configure with 16GB DDR4 memory and 1TB PCIe SSD for ultra-responsive performance on the go.

REASONS TO BUY

Wherever users are working, optional 4G WWAN connectivity ensures they are always connected. Reliability is assured through our MIL-SPEC testing procedures including extreme temperature, shock, drop and other tests.

The optional Privacy Guard feature secures onscreen data against anyone peering from behind or adjacent to the user by rendering the display unreadable at the touch of a button.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

ThinkPad X395

KEY SPECIFICATIONS

Processor	up to AMD Ryzen 7 Pro processor
Operating System	Powered by Windows 10 Pro
Display	13.3" ThinkPad Privacy Guard screen, Full HD (1920x1080), IPS, 1000:1 contrast ratio, 72% gamut 13.3" screen, Full HD (1920x1080), IPS, 700:1 contrast ratio, 72% gamut (touch) 13.3" screen, Full HD (1920x1080), IPS, 800:1 contrast ratio, 72% gamut 13.3" screen, HD (1366x768), TN, 300:1 contrast ratio, 45% gamut
