# BUSINESS DEVICES THAT ARE A CLASS APART

The Lenovo V Series provides security, data protection and productivity features in an affordable package.

# Lenovo V15 G2 ALC

With up to AMD Ryzen 7 processors, integrated Radeon graphics and dual storage drive options, this affordable notebook supports smooth multi-tasking of web-based apps and basic productivity software. An ideal budget choice for mobile users who work from multiple locations or take work home with them, it's also sleeker than many alternative products at this price point – measuring just 19.9mm (0.78") thin.

<complex-block>

## **REASONS TO BUY**

The 15.6" screen has a narrow frame, helping to reduce the overall footprint of the device while maximizing screen space. The simple design, with minimal buttons and lines, projects a modern premium image, and there is a choice of a metallic or patterned textured finish.

Smar

technology

for all

Lenovo

Several design features make working outdoors easier – the anti-glare display, spill-resistant keyboard, up to 7.5hrs of battery life, and a large touchpad for easier scrolling, zooming and navigation.

We've enhanced the design of this affordable notebook, using the latest textured materials, a slimmer design and narrower frame around the screen that's reduced by one third compared with the previous generation.
