

ThinkCentre M70s Gen 5

Upgrade your desktop experience with the ThinkCentre M70s Gen 5 – where power, security, and versatility converge to meet the diverse needs of modern professionals. Helping you deliver your best, faster and easier; up to 14th Gen Intel® Core™ i7 processors maximize real-world performance in productivity and collaboration applications. Paired with Intel® Arc™ graphics, professionals across industries can effortlessly work with large datasets and render graphics-intensive applications without missing a beat. Committed to fostering a noise-free work environment, its customizable fan speed control ensures minimal disruption during essential tasks or video conferences.

Empowering the modern workforce with a streamlined desktop experience

Whether you run a small business or a department of an enterprise, these desktops are built to handle every workload. Easy to manage, they offer great expandability, rapid processing, and seamless switching between multiple programs.

Featuring Gen 4 SSD coupled with 3.5" HDD storage, this powerful workstation delivers lightning-fast boot times and application launches, while also providing ample storage for large media files and project libraries. Multitasking becomes seamless with support for up to 64GB dual-channel DDR5 memory, which means creative professionals can work on multiple projects simultaneously without experiencing lag or performance issues.

With its support for up to 4 independent displays, this powerful workstation reduces the need for constant window switching. Moreover, the Smart Cable innovation facilitates screen projection between two devices and provides a streamlined solution for cable management, elevating the aesthetics of the workspace.

Maximize your workspace without compromising on performance. The compact SFF form factor is ideal for those in space-constrained environments or anyone seeking a sleek, minimalist aesthetic.

Sustainable Technology Solutions

At Lenovo, we're focused on providing smarter technology that builds a brighter, more sustainable future. Partner with us to implement sustainable, cost-efficient practices spanning the device lifecycle and make a meaningful difference in how you use technology.

Recycled or Sustainable Product Materials

Lenovo is innovating to increase energy efficiency and use of recycled content in our devices. Our partnership with like-minded technology like Intel supports our goal towards a brighter, more sustainable future. We strive to minimize our ecological footprint, making a positive impact on the planet without compromising on the quality and performance of our desktops.

- **85% PCC ABS in Chassis:** Reducing the demand for new plastic production and diverting waste from landfills.
- **95% PCC ABS in KB/mouse:** Further minimizing our environmental footprint.

Recycled Shipping/Packaging Content

Lenovo is focused on integrating sustainable materials and reducing waste through innovative packaging design. Our commitment extends to packaging, featuring FSC-certified cartons that support responsible forestry practices. With Ocean Bound Plastic (OBP) bag and thermal shell, our packaging not only safeguards the product but also promotes a reduced carbon footprint.

- **90% PIC EPE Cushion:** Minimizing environmental impact while ensuring your products arrive safely.
- **30% OBP Bag & Thermal Shell:** Contributing to the cleanup and prevention of plastic pollution in our oceans.
- **60% PCC Plastic:** Providing an innovative and eco-friendly solution for packing our product.

95% PCC ABS in keyboard
and mouse

Asset Recovery Service

Disposal of devices and peripherals is an environmental concern that, if not done right, can also become a security challenge. Lenovo's Asset Recovery Service (ARS) helps keep resources circulating by reusing parts wherever possible, refurbishing devices, and recycling assets, helping customers with lowering their environmental impact.

Lenovo TruScale DaaS

TruScale Device as a Service (DaaS) is a fully managed subscription-based model that offers access to a complete portfolio of hardware, software, and trusted services with a flexible payment approach—everything your business needs to support employees everywhere with consistent solutions and a predictable, transparent fee.

Co2 Offset Service

Lenovo Co2 Offset Service estimates Co2 emissions across your device's average lifecycle and allows you to offset them by supporting verified climate action projects. We offset carbon emissions associated with our devices by providing the option at the point of purchase, ensuring we do our part in reducing overall carbon footprint.

Lenovo Services

Lenovo delivers tailored sustainability services, devices, and infrastructure solutions from our broad portfolio, working closely with you to support your target outcomes across the IT lifecycle..

On-site Service

- On-site support if needed
- Normally next business day service
- Agreed appointment times

Accessories

Lenovo Essential FHD Webcam

- This camera is powered by a Full HD 1080P 2.1 megapixel CMOS camera
- Plug and play setup, no drivers needed
- Full stereo dual-mics that are perfect for conferencing or long-distance video calls

PN: 4XC1B34802

Lenovo Go Wireless Split Keyboard

- Human-inspired true ergonomic split keyboard with tactile and responsive, scissor switch keys
- 13-degrees splay for straight typing, comfortable neck and shoulders
- 11-degrees vertical tenting for more natural typing posture

ThinkCentre M70s Gen 5

Performance

Processor

Intel Celeron, Pentium, 10th Gen Core i3 / i5 / i7 / i9

Operating System*

Windows 11 Pro
 Windows 11 Home
 Windows 11 Home Single Language
 Windows 11 DG Windows 10 Pro 64
 Windows 10 Pro 64
 Windows 10 Home 64
 Windows 10 Home 64 Single Language
 Windows 10 IoT Enterprise
 Ubuntu Linux

Graphics

AMD Radeon graphics 610 / 630 (Integrated)
 AMD Radeon 520
 AMD Radeon RX 550X
 NVIDIA GeForce GT 730

Chipset

Intel Q470 Chipset

Memory¹

Up to 128GB DDR4-2933, four DIMM slots

¹The max memory is based on the test results with current Lenovo memory offerings. The system may support more memory as the technology develops.

Storage²

Up to three drives, 1x 2.5"/3.5" HDD + 1x 2.5" HDD + 1x M.2 SSD
 2.5" HDD up to 1TB each
 3.5" HDD up to 2TB
 M.2 SSD up to 2TB
 Intel Optane Memory, M.2*

²The max capacity of each disk type is based on the test results with current Lenovo storage offerings. The system may support larger storage as the technology develops.

Optical*

DVD-ROM or DVD±RW*

Audio*

High Definition (HD) Audio
 Single speaker, 1W x1

Power Supply*

380W 92%, 310W 92%, 260W 85%, 180W 85% PSU

Design

Form factor

SFF (8.2L)

Dimensions³

93 x 298 x 340 mm (3.6 x 11.7 x 13.4 inches)

³The system dimensions may vary depending on configurations.

Weight⁴

Around 5.3 kg (11.7 lbs)

⁴The system weight is approximate and may vary depending on configurations

Color

Black

Bays

1x 2.5" disk bay (bay comes with disk)
 1x 3.5" disk bay
 1x slim ODD bay

Expansion Slots

One PCIe 3.0 x1, low-profile
 One PCIe 3.0 x16, low-profile
 Two dummy slots, only brackets for optional port extension
 Two M.2 slots (one for WLAN, one for SSD)

Connectivity

Ethernet

Gigabit onboard Ethernet

WLAN + Bluetooth*

802.11ac (Wi-Fi 5) or 802.11ax (Wi-Fi 6), Bluetooth 5.0 or 5.1
 Up to Intel Wi-Fi 6 AX201 11ax Bluetooth 5.1

Front ports

2x USB 3.2 Gen 1
 2x USB 3.2 Gen 2
 1x USB-C 3.2 Gen 1
 1x headphone / microphone combo jack (3.5mm)
 1x microphone (3.5mm)
 1x card reader*

Rear ports

4x USB 2.0
 1x HDMI
 2x DisplayPort
 1x serial (9-pin)
 1x Ethernet (RJ-45)
 1x line-out (3.5mm)
 2x USB 3.2 Gen 1 (via PCIe x1 card)*
 2x USB-C 3.2 Gen 2 (via PCIe x4 card)*
 1x serial*
 4x serial (via PCIe x1 card)*
 1x parallel*
 2x PS/2*

Security & Privacy

Security

Discrete TPM 2.0
 Kensington Security Slot
 Padlock Loop
 E-lock*
 Smart Cable Clip*
 Chassis Intrusion Switch*
 Touch style fingerprint reader on mouse*

Manageability

System Management*

Non-vPro

Lenovo services

Base Warranty

Up to 3-year limited onsite service
