IS IT A MONITOR? OR SOMETHING BETTER?

This monitor combines the strengths of LED and IPS display technologies making everything come true from energy savings to great picture quality. All in ultra slim design - discover the IPS6 monitor from LG.

Tired of dark images or dull colors? LG's LED technology provides a slim profile and delivers amazing brightness, clarity and color detail, as well as greater energy efficiency compared to conventional Monitors.

In Plane Switching or IPS controls the liquid crystal display to help keep distortion at a minimum and allows users to view images on the screen at virtually any angle.

You'll love the stunning picture while it's on and marvel at its appearance when it's off. It's a sleek, elegant design that will appeal to even the most refined sense of style.
