Highlights

Self-sharpening metal blades

Self-sharpening metal blades are incredibly long-lasting. Even after 5 years, they cut just like they did on day one.

Unique OneBlade technology

The Philips OneBlade has a revolutionary technology designed for facial styling and body grooming. It can trim, edge and shave – any length of hair. Its dual protection system – a glide coating combined with rounded tips – makes shaving easier and comfortable. Its shaving technology features a fast-moving cutter (200x per second) so it's efficient – even on longer hairs.

12 tools for face, hair & body

This all-in-one trimmer conveniently trims and styles your facial hair, clips your hair and grooms your body.

Nose and ear trimmer

Remove unwanted nose and ear hair, easily and comfortably.

6 impact-resistant combs

2 stubble combs (1,2 mm), 1 adjustable (3-7 mm), 2 hair combs (9,12 mm), 1 OneBlade body comb (3 mm)

Edge it up

Get the perfect lines in seconds with the dual-sided blade, enabling you to see every hair you're cutting.

Shave it off

The OneBlade doesn't shave as close as a traditional blade, ensuring your skin stays comfortable. Go against the grain and easily shave off any length of hair with this sensitive skin hybrid styler.

Guard (Body)

Attach the skin guard for an extra layer of protection on sensitive areas.

Up to 120 minute run time

The high-performance Lithium-Ion battery delivers up to 120 minutes of run time per every 1-hour full charge. A 5-minute quick charge delivers one full trim.
