

Give your presentations star quality with widescreen display and speakers

Stand out from the crowds with a higher level of professionalism with the L305 mobile data projector. The 3000:1 ANSI lumens and advanced 3-chip LCD technology delivers images that are of the highest quality, realistic and sharp. Colours are not only natural, but also bright and filled with detail. Put your presentation in good hands with the Samsung L305.

Clear, focused images

You can select between wide screen (16:9) and normal screen (4:3) sizes to help you present perfectly focused images that fully fit your needs.

H/V Keystone capability

Keystones occur when a projector is not placed exactly in the center of a projection screen, causing image stretching and distortion. When the projector is placed either above or below center, Vertical Keystones occur. Horizontal Keystones occur when the projector is at an angle either to

Powerful stereo sound

The Samsung projectors are the ultimate professional data projectors. With powerful built-in stereo speakers (3W x 2), they exude an air of complete professionalism that adds depth and resonance to presentations.

Low noise

Noise level is almost inaudible in normal living environments. User satisfaction is maximized with low noise design that meets highest standard.

the left or right of center. The Samsung Projectors offer effective Keystone Correction, compensating for imprecise projector placement and delivering perfectly presented projections that appear accurate and exact. Vertical Keystone Correction is in-built on all models; Horizontal Keystone Correction is included on the L305.

Comprehensive connectivity

The Samsung projectors come equipped with a full range of input options that allow you to connect with a full range of digital multimedia devices. The HDMI (High Definition Multimedia Interface) enables the highest resolution images to be transmitted with 100% integrity for a truly breathtaking visual experience.

PC-Free Microsoft Office support

The Samsung L305 is designed to enable high-impact presentations to be projected with speed and simplicity. The PC-Free Office Viewer gives automatic access to Microsoft Office applications via simple USB plug-and-play operation, enabling you to enjoy powerful and professional portable projection.
