

Impress colleagues with 3LCD colours bursting onto a widescreen

Be ready to present at a moment's notice. The Samsung SP-M200 3LCD mobile data projector transports easily, sets up quickly and displays brilliantly. Other features include a 5000-hour lamp and integrated speaker, which mean that you have less to worry about. Add to this the intense 3LCD colours and you are sure to make an impact.

Designed for Mobility

At only 2.5kg, the ultra-portable Samsung M series projector enables you to make professional presentations in any environment. Its pristine white body, compact size, and user-friendly design features make it ideal for mobile use. With easy lamp and filter replacement and one-touch foot release, it can be set-up and maintained in seconds.

Reliable Operation

The Samsung M series projector has an intelligent Economy mode that not only reduces power consumption and operating noise but also extends lamp life to an incredible 5000 hours. Economy mode is specifically designed for use with screens that are 100 inches or less.

Low noise

Clear, focused images

4:3

16:9

Noise level is almost inaudible in normal living environments. User satisfaction is maximised with low noise design that meets highest standard.

You can select between wide screen (16:9) and normal screen (4:3) sizes to help you present perfectly focused images that fully fit your needs.
