Product **Description**

The LS510W is ViewSonic's lamp-free high brightness WXGA projector for business and education. Adopting industry-leading 3rd generation LED technology, the LS510W delivers 3,000 ANSI Lumens while eliminating the use of toxic mercury, reducing the cost and effort of frequent lamp replacement and lowering the total cost of ownership. The lamp-free light source offers enhanced sustainability for a greener environment while delivering a wider color gamut for bright and vivid images in a meeting room, classroom, or any other environment. The projector boasts efficient use with instant power on/off, convenient projector software update, and vertical keystone correction along with 360° tilt angle projection for flexible applications.
