

EXCALIBUR White

PREMIUM
line

DESCRIPTION

The White Shark Excalibur is more than just a keyboard – it's the ultimate weapon for gamers and creators alike. With 97 keys and a metal rotary knob, it offers unmatched control and precision. Featuring KTT Hot-Swap Wine Red mechanical switches, Excalibur ensures smooth keystrokes and durability of over 80 million presses. Go wireless or wired – the choice is yours! With USB 2.0, 2.4 GHz, and Bluetooth connectivity, this keyboard seamlessly adapts from PC gaming to productivity on your tablet or smartphone. Add in RGB lighting with 17 different effects, and your desk instantly becomes a visual playground. Available in black and white, with a premium finish and a solid 1063 g build for stability, Excalibur is a keyboard designed to exceed expectations and elevate your performance.

KEY FEATURES

- Response only 1ms
- 1-Top gasket layer – Gasket material that goes between the top frame and the plate, 2-Upper plate gasket support – A secondary layer that absorbs vibrations between the keyboard and the case, 3-Mid gasket layer – A layer between the plate and the PCB, or an additional foam piece that stabilizes the central area 4-Bottom plate gasket support – A layer that separates the PCB/plate from the lower part of the case, 5-Case bottom isolation gasket – The bottom layer that sits at the base
